1(a)(ii) Explanatory Notes to Consolidated Statement of Total Return

A.1 Revenue and Gross profit

Revenue for 2Q 2018 of \$\$130.5 million comprised \$\$21.8 million (17% of total revenue) from serviced residences on Master Leases, \$\$20.0 million (15%) from serviced residences on management contracts with minimum guaranteed income and \$\$88.7 million (68%) from serviced residences on management contracts.

Revenue for 2Q 2018 increased by S\$6.9 million or 6% as compared to 2Q 2017. This was mainly contributed by the additional revenue of S\$10.4 million from the 2017 Acquisitions, partially offset by the decrease in revenue of S\$2.9 million and S\$0.6 million from the Divestments and existing properties respectively.

The Group achieved a revenue per available unit ("REVPAU") of S\$155 for 2Q 2018, an increase of 6% as compared to 2Q 2017.

Gross profit for 2Q 2018 of S\$63.1 million comprised S\$20.0 million (32% of total gross profit) from serviced residences on Master Leases, S\$8.8 million (14%) from serviced residences on management contracts with minimum guaranteed income and S\$34.3 million (54%) from serviced residences on management contracts.

As compared to 2Q 2017, gross profit increased by \$\$4.1 million or 7% due to higher revenue.

A.7 Foreign exchange (loss) / gain

The foreign exchange loss recognised in 2Q 2018 mainly comprised unrealised exchange loss of S\$7.0 million (mainly arising from EUR denominated shareholders' loans extended to the Group's subsidiaries as a result of the depreciation of EUR against SGD as at balance sheet date) and realised exchange gain of S\$0.5 million (mainly arising from gain on repayment of shareholders' loan from Europe and gain on the foreign currency forward contracts).

The foreign exchange gain recognised in 2Q 2017 mainly comprised realised exchange gain of S\$11.9 million arising from repayment of foreign currency bank loans with the proceeds from the Rights Issue (pending their deployment to part finance the acquisition of Ascott Orchard Singapore) and unrealised exchange gain (mainly arising from EUR denominated shareholders' loans extended to the Group's subsidiaries as a result of the appreciation of EUR against SGD as at balance sheet date).

1(b)(ii) Explanatory Notes to Statement of Financial Position

B.1 Serviced residence properties

The increase in the Group's serviced residence properties as at 30 June 2018 was mainly due to higher valuation on 30 June 2018, partially offset by the foreign currency translation differences arising from translating the Group's serviced residence properties as a result of the depreciation of foreign currencies, particularly EUR and GBP.

B.2 Financial derivatives

The financial derivatives relate to the fair value of interest rate swaps (entered into to hedge interest rate risk), fair value of cross currency swaps (entered into to hedge foreign currency risk) and fair value of foreign currency forward contracts (entered into to hedge distribution income).

B.3 Trade and other receivables

The increase in the trade and other receivables as at 30 June 2018 was mainly due to higher trade receivables and amounts due from related companies, partially offset by lower prepaid expenses arising from the completion of the divestment of the two China properties in January 2018. The transaction costs were previously recognised as prepayments as at 31 December 2017.

B.4 Assets held for sale and Liabilities held for sale

The assets and liabilities held for sale as at 31 December 2017 relate to the assets and liabilities of Citadines Biyun Shanghai and Citadines Gaoxin Xi'an which have been reclassified from the respective balance sheet captions to "Assets held for Sale" and "Liabilities held for Sale" (pursuant to the announcement for the divestment of these properties on 3 July 2017).

As at 30 June 2018, the divestments were completed.

B.5 <u>Cash and cash equivalents</u>

The decrease in the Group's cash and cash equivalents as at 30 June 2018 was mainly due to repayment of bank borrowings with divestment proceeds and distribution paid to Unitholders.

B.6 Trade and other payables

The decrease in the trade and other payables as at 30 June 2018 was mainly due to the completion of the divestment of the two China properties in January 2018. The trade and other payables as at 31 December 2017 included the deposits received for the divestment of Citadines Biyun Shanghai and Citadines Gaoxin Xi'an.

B.7 Deferred tax liabilities

The decrease in deferred tax liabilities as at 30 June 2018 was mainly due to the transfer of the deferred tax liability provided on the divestment gain of the two China properties to "Provision for taxation" upon the completion of the divestment in January 2018, partially offset by deferred tax liability provided on the fair value surplus recognised in 2Q 2018.

The borrowings of the Group are generally secured by:

- Mortgage on subsidiaries' serviced residence properties and the assignment of the rights, titles and interests with respect to the serviced residence properties
- Assignment of rental proceeds from the serviced residence properties and insurance policies relating to the serviced residence properties
- Pledge of shares of some subsidiaries
- Corporate guarantee from the Trust

Capital management

The average cost of debts was 2.3 percent per annum, with an interest cover of 4.5 times. S\$1,554.0 million or 84% of the Group's borrowings are on fixed interest rates, of which S\$206.0 million is due in the next 12 months.

Out of the Group's total borrowings, 9 percent falls due in 2018, 7 percent falls due in 2019, 15 percent falls due in 2020, 22 percent falls due in 2021 and the balance falls due after 2022.

The Manager adopts a proactive capital management strategy and has commenced discussions to refinance the loan facilities due in 2018, ahead of their maturity dates.

¹ REVPAU for Japan refers to serviced residences and excludes rental housing.

For the six months ended 30 June 2018 ("YTD Jun 2018"), revenue increased by \$\$8.4 million or 4% as compared to the corresponding period last year ("YTD Jun 2017"). The increase in revenue was mainly due to additional contribution of \$\$18.6 million from the 2017 Acquisitions, partially offset by decrease in revenue of \$\$6.8 million from the Divestments and decrease in revenue of \$\$3.4 million from the existing properties (mainly from Vietnam and Indonesia).

REVPAU increased from S\$137 in YTD Jun 2017 to S\$142 in YTD Jun 2018.

Gross profit for YTD Jun 2018 increased by S\$5.4 million as compared to YTD Jun 2017 mainly due to contribution from the 2017 Acquisitions.

(c) Change in value of serviced residence properties

The change in value of serviced residence properties will affect the net asset value but has no impact on the unitholders' distribution.

Any increase or decrease in value is credited or charged to the Statement of Total Return as net appreciation or depreciation on revaluation of serviced residence properties.

As at 30 June 2018, independent desktop valuations were carried out by Colliers International. In determining the fair value of the Group's portfolio, the discounted cash flow approach was used. The valuation method used is consistent with that used for the 31 December 2017 valuation.

The Group's portfolio was revalued at S\$4,916.4 million, resulting in a surplus of S\$26.7 million which was recognised in the Consolidated Statement of Total Return in 2Q 2018. The surplus resulted mainly from higher valuation of the Group's properties in Vietnam, United Kingdom, France and Philippines, partially offset by lower valuation from the properties in USA. The net impact on the Consolidated Statement of Total Return was S\$13.1 million (net of tax and non-controlling interests).

9. Variance from forecast

The Group has not disclosed any forecast to the market.

10. Commentary of the significant trends and the competitive conditions of the industry in which the Group operates and any known factors or events that may affect the Group in the next reporting period and the next 12 months

In the July 2018 update to the World Economic Outlook growth forecasts, whilst International Monetary Fund had kept the FY 2018 global growth projection unchanged at 3.9%, the optimistic sentiments of an improving economy earlier this year lessened to some extent. This is largely due to the tightening of global financial conditions, and recent escalating trade tensions, which in turn impact trade, businesses and investment sentiments and introduce more uncertainties to the global economy.

Coupled with continuous competition from direct and indirect players in the serviced residence industry, Ascott REIT will continue to face challenges amidst new supply. Nevertheless, Ascott REIT remains committed to delivering stable income and resilient returns to our Unitholders through our diversified portfolio, extended-stay business model and properties operating under the three types of contracts: *Master Leases, Management Contracts with Minimum Guaranteed Income and Management Contracts*.

The US Federal Reserve had further raised interest rates in June 2018, following the first hike earlier in April. With an expectation of further hikes for the year that might stretch to 2019 and 2020, we remain proactive in maintaining a disciplined and prudent approach towards capital management to mitigate potential risks. Approximately 84% of our total borrowings are on fixed interest rates to hedge against any potential increases. We continue to remain vigilant in monitoring our interest rate and exchange rate exposure.

Ascott REIT remains dedicated in managing and enhancing our properties to stay competitive. This is achieved through our asset enhancement initiatives including the recently completed renovation of Sheraton Tribeca New York Hotel, and on-going refurbishments of three other properties. At the same time, we continue to stay alert for potential yield-accretive acquisition and divestment opportunities that strengthen our portfolio for sustained growth.
